

Hello,

We're all looking forward to seeing you at The Willow Centre really soon.

We'd like to get to know you a bit better though so why not tell us about yourself and the things that are important to you. It would be lovely for you to work on this at school and then share it with us at The Willow Centre.

Here are some ways you could do this:

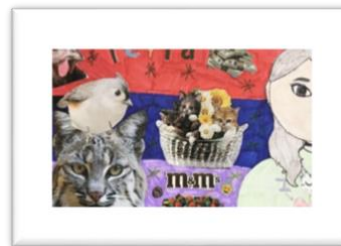

Draw half of your face or cut a photograph of yourself in half to show how you are and on the other side, fill it with pictures of all of the things that are important to you.

Maybe you are musical. Could you write a rap about yourself?

Print a black and white photo of yourself. Now fill that shape with pictures that you have drawn or printed.

Create a collage of all about you. Think about things you like and things you don't like. Most importantly, think about what makes you, you.

Make a Powerpoint or video all about things you enjoy doing.

We can't wait to see what you have created!

See you soon,

*Miss Giles, Mrs Turner, Mrs Mutch and Mrs Hansen*
