

Hello,

We're all looking forward to seeing you at The Willow Centre really soon.

THE WILLOW CENTRE

We'd like to get to know you a bit better though so why not tell us about yourself and the things that are important to you. It would be lovely for you to work on this at school and then share it with us at The Willow Centre.

Here are some ways you could do this:

Write a list of things that are important to you.

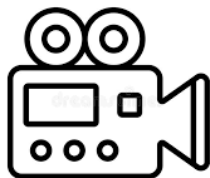

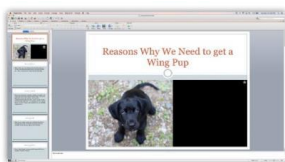

Draw half of your face or cut a photograph of yourself in half to show us who you are and on the other side, fill it with pictures of all of the things that are important to you.

Make a silhouette of your head using a bright light and tracing your shadow. Now fill that shape with pictures that you have drawn or printed.

Make a Powerpoint or video all about things you enjoy doing.

Make a model using cardboard or Lego, of the perfect place for you to be. What toys and equipment would there be?

We can't wait to see what you have created. See you soon!

Miss Giles, Mrs Turner, Mrs Mutch, Mrs Hansen, Mrs Knight and Mrs Green
